

PAUL SACALAMITAO.

Freelance WordPress Developer & Software Engineer

psacalamitao@gmail.com psacalamitao.com Available for freelance & contract work

PROFILE

Freelance WordPress developer and software engineer with 6+ years of experience building fast, secure, and scalable websites. Specializes in Elementor and Crocoblock development, backed by custom plugin development whenever off-the-shelf functionality isn't enough. Shipped 50+ live WordPress websites with a focus on performance, security, and user experience.

EXPERIENCE

WordPress Developer · Upwork

2025 — PRESENT

Developing, customizing, and optimizing WordPress websites for clients worldwide. Delivering high-quality, responsive, and secure websites with strong performance and UX.

WordPress Developer · Lightweight Solutions

2024 — 2025

Developed and maintained high-performing WordPress websites, handling server setup, site development, updates, and performance optimization. Built 50+ WordPress sites and specialized in server management, security, troubleshooting, and backup strategies.

.NET Developer · TheBoredGuys IT Solutions

2024

Developed, maintained, and enhanced a POS and Inventory Management System using .NET and SQL Server. Designed new features, optimized system performance, and resolved bugs to keep operations running smoothly.

Digital Specialist I · Datawords

2021 — 2024

Maintained and updated websites for multiple clients across CMS platforms including Salesforce, AEM, Drupal, Magento, WordPress, and Shopify. Led a team to ensure timely project delivery and high-quality standards across all web solutions.

SQL Scripter · PrimeTech

2020 — 2021

Wrote and optimized SQL queries to identify, troubleshoot, and fix bugs or errors in the database, ensuring data accuracy, system stability, and seamless application performance.
